Education

Institute of Engineering and Management, Kolkata, India

Aug 2023 – May 2027

Bachelor of Technology in Computer Science Engineering

YGPA: 9.06/10.0

Technical Skills

Languages: Java, JavaScript, C++, Python (Basic)

Techstack: React.js, NextJS, HTML5, CSS3, Bootstrap, Springboot(basics), NodeJs, ExpressJs, Rest APIs

Databases: MongoDB, MySQL

Tools & Cloud: Git, GitHub, Postman, Vercel, Render

Core Concepts: Data Structures and Algorithms, Object Oriented Programming, Database Management System

Experience

Women Leadership Development Trainee

Sept 2025 – Jan 2026

PwC Acceleration Center, Kolkata, India

- Participated in leadership development program focusing on communication and leadership skills
- Attended sessions on corporate work culture and global client expectations

Campus Ambassador

Aug 2024 – Feb 2025

IIT Kharagpur (Kshitij), Kolkata, India

- Coordinated technical workshops and competitions with 100+ student participation
- Led outreach initiatives to increase engagement in technical events

Projects

Full Stack Book Store E-Commerce Application

MongoDB, Express.js, React.js, Node.js, JWT

- Designed and developed a MERN-based e-commerce platform with role-based access control
- Implemented secure authentication using JWT and bcrypt with RESTful APIs
- Improved database performance using MongoDB indexing techniques
- Built features like shopping cart, order management, and inventory tracking using Redux

XCHANGO – Skill Exchange & Emergency Help Platform

Next.js, Supabase, JWT, Real-time Database, Video Connect

- Developed a peer-to-peer platform enabling users to exchange skills and request emergency help within a trusted community
- Implemented secure authentication, token-based skill economy, and a user trust score system
- Built real-time emergency request handling and live user connections for collaboration and learning sessions
- Designed scalable database schemas and APIs for profiles, courses, emergency requests, and transactions

Smart Research Assistant Chrome Extension

Java, Spring Boot, Jsoup

- Built a Chrome extension for content summarization and citation generation
- Developed REST APIs with optimized response time
- Implemented reliable web scraping using Jsoup

Achievements & Certifications

- Solved 250+ DSA problems on LeetCode and GeeksforGeeks
- Participated in SIH, Hackosis, and Adobe Hackathons
- Certifications: JavaScript (Intermediate), Spring Framework, NextJS

Languages: English, Hindi, Bengali (Professional Proficiency)
